

No Speed Limit

Stock Products Ship Same Day!

With 35 district offices and stocking warehouses across North America and 26 manufacturing plants around the world, Baldor can typically ship any of our stock motors, drives and power transmission products the same day the order is placed. And if you need a custom product, we can build and ship it faster than anyone else in the industry.

Compare Baldor's turnaround with any other and you'll see we don't just break the speed limit getting your order out the door...we blow it away!
